Theme : Bakery & Restaurant

Frontend hackathon by GIRLSCRIPT BILASPUR

Work highlights:

- ➡ I will be working on making the web page responsive.

- ➡ I am trying to find the famous and easy dishes from all over India.

- ➡ I will try to provide the simple way to make them.

- ➡ I will provide both veg & non-veg items.

- ➡ I will be providing a play music option, so that if someone visits , feel refresh and can search good food with good mood.

Work highlights:

- I will be mentioning in the web page, about the origin of food for knowledge.

- I will be providing a small slide show of pictures as well to make the page little entertaining.

HAPPY
FOOD
VLOG MUSIC BACKGROUND
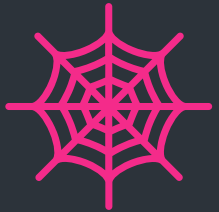

Tools I will be using during this hackathon:

Current position of the work:

I made a simple basic wireframe for the web page.

Working on html part of web page.

I am working on searching food and making content.

I working on making a logo for page
